ABOUT US

1

We are a leading company in the sign and neon flex led market in Spain and Europe.

We have an innovative website that allows you to get free quotations and make online purchases of signs and neon in seconds, anywhere, 24 hours a day.

We specialise in a business-to-business (B2B) service, which allows us to have a personal and detailed business relationship with each of our customers.

We have just launched a revolutionary new product - our Multisigns Bar. This product is the future of lettering, as you can create your own terms on this bar and edit them at any time.

In addition, you can equip the bar with a series of icons and even spotlights to display your products.

The Multisigns Bar is suitable for almost any type of business.

After obtaining the patent for our new product, we were already present at the Light + Building 2022 trade fair in Frankfurt am Main, Germany, and at MATELEC 2022 in Madrid at IFEMA.

2

PRODUCT DESCRIPTION

With this innovative product, you can customise fonts, numbers, icons and even create your own company logos.

This innovative product offers completely new opportunities to differentiate yourself from the competition.

Its adaptability makes it perfect for communicating, drawing attention to special offers or as a sign to help customers find their way around your shop.

The Multisigns Bar can be used for any type of business. It can be used absolutely flexibly. If you have a bar or café and want to quickly inform your customers about drink and food offers, or if you want to inform your customers about fast-moving special offers in your shop.

There are endless possibilities with words, icons and lights to draw attention to your product or service and differentiate you from your competitors.

It is an interior product that stands out for its illumination, as you can combine illuminated letters, icons... with lamps too. It is perfect to brighten up your environment.

TECHNICAL DATA

INSTALLATION

CEILING. *The bar can be installed on the ceiling with height-adjustable cables and struts easily.*

WALL. *It can be easily screwed to the wall horizontally or vertically.*

TABLE OR OTHER SURFACES. *It can be screwed using threaded rods.*

CONNECTIONS

- The letter, number or icon is connected to the magnet on the object.
- There is a magnetic block for all objects.
- The block is inserted into the bar.
- It can be pushed left and right on the bar and rotated and rotate 360°.
- With a 90° rotation, the object lights up.
- Once the safety lock is inserted, the object is secured.

ñ o p q r s t u v w x y z

LETTERS. Typology.

COLOUR OF THE LETTER. The letter or icon has its own colour on the casing. The transformer operates at 24 V, so the intensity is high.

LIGHT COLOUR. The letter is white, but the light inside has different colours. You can combine them in any way. The transformer operates at 12 V, which means very low consumption.

The following colours are available:

LETTERS. Typology.

ICONS. On our website we have a wide variety of icons sorted by category that you can use. Available sizes range from 10, 15 or 20 cm. These icons are printed with UV inks on the front side only, so the back side would be white.

LETTERS. Typology.

We can also customise any typography, icon, logo or any shape you need (with some exceptions). With sizes between 10, 15 or 20 cm, we can customise it without any problems.

TYPE YOUR TEXT

BAR COLOUR

The screenshot shows a customization interface for a bar. The main area is a dark gray rectangle. In the center, there is a white bar with a white cat icon on the right side. Below the bar, there is a text input field with the text 'Tu texto'. To the left of the bar, there is a vertical toolbar with various icons. Below the bar, there are fields for 'Content', 'Font', 'Thickness(CM)', 'Front Color', and 'Side Color'. A 'Done' button is located at the bottom right of the interface.

EXAMPLES

19

USE PLACES

ROOF

If you have a catering business, an original way to highlight your menu is with our Multisigns Bar sign. All your customers will be able to see it.

ROOF

It is very important for customers to feel oriented when they visit an establishment. The Multisigns Bar is a perfect signage element. Always customise the colours, shapes, letters, icons... that best suit your needs.

USE PLACES

MUR

Multisigns Bar is a very versatile product that can be used in countless places.

For example, if we want to decorate our walls for a special festivity, such as Christmas.

It can be used both at home and in commercial premises.

MUR

On the other hand, it can be used to highlight leisure areas or to give directions, as in this case the wifi zone.

On our website we have a wide variety of icons that you can download and use in your projects.

EXAMPLES

21

USE PLACES

MUR

The Multisigns Bar can also be used to indicate products in your boutique or shop, so that customers can find them from afar.

Furthermore, with the help of the lamp, the products will stand out and be illuminated.

MUR

It can be placed at the entrance of a business, e.g. on a counter, and used with contact details and social media to promote the business.

You can find and download these icons and many others on our website.

USE PLACES

MUR

It can be used as a sign, whether in a small shop or a large shopping centre.

MUR

Another way to promote our business is to place our products in your shop window, so that everyone who passes by can see everything you have to communicate.

EXEMPLE

23

USE PLACES

ROOF

Multisigns Bar is also ideal for your photography studio.

You can complement it with your furniture.

ROOF

One of the ways we like it best is to use it as a ceiling lamp and at the same time decorate it with letters and icons on the top and bottom.

Ideal for the office.

USE PLACES

TABLE

If you have a venue for parties and celebrations, you can welcome the bride and groom with our Multisigns Table Bar.

TABLE

You can indicate your product with our Multisigns Bar.
